Create Account Now!

After you press the budget now button, you will be taken to this page. You will fill out the following boxes and select Create Account Now.

Enter how much money you want to budget out.

Enter Amount Below: (starting from \$50)

\$ 200

Press To Continue

After you press the Create Account Now button, you will be taken to this page. Enter the amount of money you wish to budget out, starting from \$50. After you are finished, you will press the arrow in the bottom right corner.

Select what sections you want to budget your money for:

Needs: Grocery, Clothes, Bills, Insurance, Entertainment

Wants: Housing, Travel, Entertainment, Dining, Other

After you press the arrow, you will be taken to a page that will allow you to select what sections you want to budget your money for. Press the arrow in the corner to continue.

What would you like to invest in?

Stocks, Bonds, Savings Account, 401k/Retirement Plan, Cryptocurrency, Other, None

After you press the arrow, you will be asked what investments you would like to make and can choose out of a list of types of investments. When finished, press the arrow in the corner to continue.

Creating your personal budget now...

Warning: This budget uses a formula. It's not perfect. It's only an estimate. It may not be as good as your personalized budget plan.

After you press the arrow, the computer will bring you to this screen, so the personalized budget has time to generate. The time it takes to generate may vary, so it will automatically redirect the user to the final page.

Your Plan Is Ready!

Amount Budgeted: \$200

Needs:

- Grocery: \$120
- Clothes: \$50

Wants:

- Entertainment: \$30

If you are unsatisfied with your budget, leave a review below. We enjoy your feedback!

Leave us a review...

After the plan is done being created, the user will automatically be redirected to the final budgeting page. If they are unsatisfied with their budget they can leave a review at the bottom of the screen. The review will automatically be submitted as soon as the user presses the enter button.
